Last analysed 21 August 2026

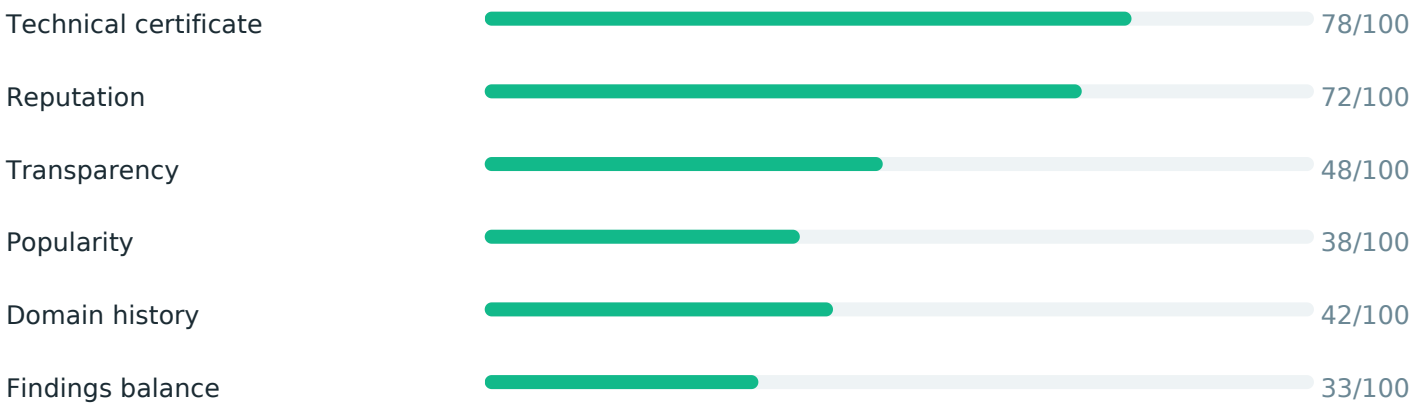

Probably legitimate

This scores around the middle of our range. Nothing damning stands out, but read the findings below before you pay or sign up.

Trust score 66 out of 100.

## How the score breaks down

## Key facts

|                  |                                           |
|------------------|-------------------------------------------|
| Country          | US                                        |
| Domain age       | 17 months (since 2025)                    |
| Registrant       | Private (WHOIS redacted)                  |
| Organisation     | Privacy Protect, LLC (PrivacyProtect.org) |
| SSL certificate  | Valid (Let's Encrypt)                     |
| Trust score      | 66 / 100                                  |
| Signals detected | 6 checked                                 |

## What we found

According to the SSL check the certificate is valid

- DNSFilter considers this website safe
- The website's owner is hiding his identity on WHOIS using a paid service
- This website does not have many visitors
- We found many low rated websites on the same server
- Several spammers and scammers use the same registrar

Technical checks

|                         |     |
|-------------------------|-----|
| Valid SSL certificate   | Yes |
| Flagged for phishing    | No  |
| Flagged for malware     | No  |
| Owner identity public   | No  |
| Established over a year | Yes |
| Registration current    | Yes |

What to do

- Probably fine, but read the findings before you pay or sign up.
- The owner is anonymous — there may be no one to appeal to.
- Pay by a method with buyer protection.

This report reflects automated signals gathered when the domain was last analysed. A score is an indication, not a guarantee, and a site can change at any time. Always judge for yourself before sharing personal or payment details. The live version of this report, which may have been updated since, is at <https://legitsonar.com/check-website/florantech.com>.
