

# irisnetwork.io

Last analysed 2 September 2026

Probably legitimate

This scores around the middle of our range. Nothing damning stands out, but read the findings below before you pay or sign up.

Trust score 70 out of 100.

## How the score breaks down

## Key facts

|                  |                          |
|------------------|--------------------------|
| Country          | US                       |
| Domain age       | 5 months (since 2026)    |
| Registrant       | Private (WHOIS redacted) |
| Organisation     | Domains By Proxy, LLC    |
| SSL certificate  | Valid (Let's Encrypt)    |
| Response speed   | Very fast                |
| Trust score      | 70 / 100                 |
| Signals detected | 7 checked                |

## What we found

- We found a valid SSL certificate
- The website has a "registered till" date far in the future
- DNSFilter labels this site as safe
- The identity of the owner of the website is hidden on WHOIS
- The Tranco rank (how much traffic) is rather low
- The age of this site is (very) young.
- This website's data-sensitive services are hosted on a shared server.

Technical checks

|                         |     |
|-------------------------|-----|
| Valid SSL certificate   | Yes |
| Flagged for phishing    | No  |
| Flagged for malware     | No  |
| Owner identity public   | No  |
| Established over a year | No  |
| Registration current    | Yes |

What to do

- Probably fine, but read the findings before you pay or sign up.
- The owner is anonymous — there may be no one to appeal to.
- This domain is very new; most scam sites are under six months old.
- Pay by a method with buyer protection.

This report reflects automated signals gathered when the domain was last analysed. A score is an indication, not a guarantee, and a site can change at any time. Always judge for yourself before sharing personal or payment details. The live version of this report, which may have been updated since, is at <https://legitsonar.com/check-website/irisnetwork.io>.
