What we found

According to the SSL check the certificate is valid

- The website appears to provide health-related information.
- DNSFilter considers this website safe
- The website's owner is hiding his identity on WHOIS using a paid service
- This website does not have many visitors
- We found many low rated websites on the same server
- This website has only been registered recently.

Technical checks

Valid SSL certificate	Yes
Flagged for phishing	No
Flagged for malware	No
Owner identity public	No
Established over a year	No
Registration current	Yes

What to do

- This site is probably fine, but read before you act.
- The owner is anonymous — there may be no one to appeal to.
- This domain is very new; most scam sites are under six months old.
- Pay by a method with buyer protection.

This report reflects automated signals gathered when the domain was last analysed. A score is an indication, not a guarantee, and a site can change at any time. Always judge for yourself before sharing personal or payment details.
