

# stivenmartinez.com

Last analysed 28 August 2026

Likely trustworthy

The signals we can check all point the same way. Normal care still applies.  
Trust score 81 out of 100.

## How the score breaks down

## Key facts

|                  |                                           |
|------------------|-------------------------------------------|
| Country          | US                                        |
| Domain age       | 18 months (since 2025)                    |
| Registrant       | Private (WHOIS redacted)                  |
| Organisation     | Privacy Protect, LLC (PrivacyProtect.org) |
| SSL certificate  | Valid (Let's Encrypt)                     |
| Response speed   | Very fast                                 |
| Trust score      | 81 / 100                                  |
| Signals detected | 6 checked                                 |

## What we found

- According to the SSL check the certificate is valid
- This is a website dedicated to art and leisure.
- DNSFilter considers this website safe
- The website's owner is hiding his identity on WHOIS using a paid service
- This website does not have many visitors
- Several spammers and scammers use the same registrar

Technical checks

|                         |     |
|-------------------------|-----|
| Valid SSL certificate   | Yes |
| Flagged for phishing    | No  |
| Flagged for malware     | No  |
| Owner identity public   | No  |
| Established over a year | Yes |
| Registration current    | Yes |

What to do

- Nothing here argues against using this site.
- The owner is anonymous — there may be no one to appeal to.
- Pay by a method with buyer protection.

This report reflects automated signals gathered when the domain was last analysed. A score is an indication, not a guarantee, and a site can change at any time. Always judge for yourself before sharing personal or payment details.
